FRONTEND DEVELOPER

ABOUT ME

I'm a Frontend Developer with 1.5 years of experience, I specialize in building dynamic, user-focused web applications using React and Next.js. My expertise lies in creating responsive, scalable, and high-performance interfaces, with a keen eye for detail and user experience.

I am passionate about leveraging the latest web technologies to solve complex problems and continuously improve my skill set. Throughout my career, I've worked on various projects, from developing interactive components to optimizing performance, always striving to deliver clean, maintainable code.
